### CRITERIA FOR CONDITIONAL USE

From the Morgan County Zoning Ordinance, Section 21.3.1 Required Findings for Conditional Use Approval:

- Adequate provision is made by the applicant to reduce any adverse environmental impacts of the proposed use to an acceptable level;
- Vehicular traffic and pedestrian movement on adjacent streets will not be substantially hindered or endangered;
- Off-street parking and loading, and the entrance to and exit from such parking and loading, will be adequate in terms of location, amount and design to service the use;
- Public facilities and utilities are capable of adequately serving the proposed use;
- Granting the request would not be an illogical extension of a use which would introduce damaging volumes of (1) agricultural, (2) commercial, (3) industrial, or (4) high density apartment use into a stable neighborhood of well-maintained single family homes, and likely lead to decreasing surrounding property values, neighborhood deterioration, spreading of blight, and additional requests of a similar nature which would expand the problem;
- Granting the request would not lead to congestion, noise and traffic hazards or overload public facilities, current or planned;
- Granting the request would conform to the general expectation for the area population growth and distribution according to the Comprehensive Land Use Plan;
- Granting the request would not lead to a major negative change in existing (1) levels of public service, (2) government employees or (3) fiscal stability;
- Granting the request would not have a "domino effect," in that it becomes the opening wedge for further rapid growth, urbanization or other land-use change beyond what is indicated in the Comprehensive Land Use Plan.
